

Don't park on streets during street sweeping

PHOTO BY BERT BARBAY

Members and their guests play a part in ensuring streets are clean by not parking on the street for sweep day between the hours of 7 a.m. and 4:30 p.m.

Moving vehicles off a street scheduled for sweeping allows the sweeper to thoroughly clean the street from curb-to-curb. One parked car equals nearly three car-lengths of space that can't be swept because the street sweeping equipment must leave room to avoid it. This also means that debris left behind could end up in a storm drain or ultimately in the Lake.

Interstate Sweeping is sweeping the first four weeks of each month on Wednesdays, Thursdays and Fridays. The street sweepers remove harmful pollutants, leaves and trash from the streets, preventing them from clogging storm drains or washing into the Lake.

Members with questions about the CLPOA Street Sweeping Program are encouraged to contact the Operations Department at 244-6841, ext. 510, between the hours of 7 a.m. and 4 p.m., or e-mail pjohnson@canyonlakepoa.com. Members can also contact Interstate Sweeping directly at 1-800-310-3002.

Street sweeping schedule

WEDNESDAY

Appaloosa Ct.
Aspen Ct.
Bass Pl.
